## *EnviroPure™ 301-310*

*Vegetable Replacements For Petrolatum And  
Other Synthetic Emollients*

*Naturally Superior Additives™*

*EnviroPure™ 301-310* is a line of proprietary gels that have all the desirable characteristics of petrolatum and other synthetic bases, while being made from environmentally responsible renewable resources such as canola and soya. Low levels of linolenic acid coupled with a rich vitamin E content,

allow *EnviroPure™ 301-310* gels to be both oxidation stable and capable of providing the same level of skin barrier protection as white petrolatum. These biodegradable *EnviroPure™ 301-310* emollients are ideal ingredients for lotions, lipsticks, candles, body butters and a full range of other personal care products.
