

REACT-NTI

EnviroSolve™ Gold & Silver

*Environmentally Safe & Highly Effective
Solvents From Corn and Soya*

Naturally Superior Additives™

EnviroSolve-Gold™ and *EnviroSolve-Silver™*

are natural, environmentally safe solvents from soya and corn, which can be custom formulated to add superior suspension and anti-sag properties to personal care formulations.

Due to their organic origin, these solvents have very low toxicities and are readily biodegradable.

REACT-NTI recommends using these solvents at their full strength in formulated products in order to take complete advantage of their capabilities.
